Issue # 1

Quality Policy

Total Precision Ltd is totally committed to manufacturing and supplying products to customer requirements via an effective Business Management System in line with the defined scope TPLD002.1.2 & Business plan TPLD002.2.1

Our aim is to ensure customer satisfaction through on-time deliveries, conformity of products & services and competitive pricing. We operate in line with applicable requirements, including ISO9001:2015 and defined & agreed Customer specifics.

We strive to continually improve effectiveness in all areas of our business & related management system by the use of objectives & targets / KPI's for each business process.

To achieve this, emphasis is placed on working in partnership with our customers, suppliers and employees.
